SKILLS COMMISSION CODE OF GOVERNANCE

Overview

1. The Skills Commission Code of Governance is an agreement between the Secretariat and Commissioners on the rules under which the Skills Commission operates and is administered. A copy is made publicly available on the website. The intention of the Code is to ensure full transparency.
2. The Skills Commission is committed to ensuring its activities and funding are entirely transparent. The Skills Commission is funded through a combination of core funding and ad hoc sponsorship of particular events and research. The Skills Commission does not endorse, support or campaign on behalf of one organisation. Rather, it campaigns for evidence based policy development in FE and skills. The group operates according to a strict Code of Governance, and its work is driven by its Commissioners and its Secretariat.
3. As the group's Secretariat, Policy Connect provides all secretariat services. Policy Connect is a membership-based cross-Party thinktank with an extensive network of parliamentary groups, research commissions, forums and campaigns working to inform and improve UK public policy. Policy Connect is committed to upholding the principle of transparency in UK parliamentary and public affairs and welcomes any questions you may have on its work and activities. Further details on this are provided below.

Parliamentary membership

4. The Skills Commission exists in order to help parliamentarians fully engage with the FE and skills agenda.
5. The Skills Commission is open to members of all parties and both Houses.
6. The agenda of the Skills Commission is set by the group's Secretariat in consultation with the Commissioners. Associate members will be able to provide advice to the Secretariat and Commissioners but will have no executive decision-making powers over the content of the programme.

Associate membership

7. The associate membership is open to non-parliamentary organisations.
8. Membership subscriptions from these organisations provide a source of funding that allows the Skills Commission to maintain a secretariat. The Secretariat will facilitate the running of a regular meeting programme, parliamentary work and support information distribution such as the website in order to shape and influence public policy.
9. The associate membership also offers the group a useful insight into present developments and the views of the relevant sectors.

10. Associate member organisations are invited to send representatives to all group meetings and are registered to receive all official group correspondence.
11. At meetings, associate members are asked to participate actively in discussions, whilst recognising that the Skills Commission is intended as a means of disseminating impartial information and that parliamentarians have priority in their contributions.
12. Associate members are also invited to sponsor additional resources, research or meetings that fall outside the standard programme. No editorial influence is conferred by such sponsorship.
